We commit to supply customer the best satisfaction and easy installation on site!

Glass Door & Frame Description

COOLER GLASS DOORS	FREEZER GLASS DOORS	SHELF & POST
Glass Door Parts : 1. Medium temperature 2. Power supply: 115V/60Hz 3. Two-pane glass: 4mm LOW-E electric heated tempered glass + 4mm tempered glass 4. Door frame material: Aluminum alloy in silver 5. Heated door frame 6. Self-closing function 7. Middle slim handle (Mirror surface) 8. Magnetic gasket 9. Stainless steel hinge system 10. Argon gas filled 11. Reversible system 12. Temp sensor on each door to control heater working status 13. Glass door and frame wiring connection position (outlet position): one is in the middle position connection of the door body wiring, the other is in the top of the door shaft wiring Frame Parts : 1. Frame material: Aluminum alloy in silver 2. Frame with electric heater to avoid condensation 3. Four-side flanged frame 4. Strip waterproof LED 5. Door stay open system 6. Electric capacitor on the frame	Glass Door Parts : 1. Low temperature 2. Power supply: 115V/60Hz 3. Three-pane glass: 4mm LOW-E electric heated tempered glass +3.2mm tempered glass + 4mm tempered glass 4. Door frame material: Aluminum alloy in silver 5. Heated door frame 6. Self-closing function 7. Middle slim handle (Mirror surface) 8. Magnetic gasket 9. Stainless steel hinge system 10. Argon gas filled 11. Reversible system 12. Temp sensor on each door to control heater working status 13. Glass door and frame wiring connection position (outlet position): one is in the middle position connection of the door body wiring, the other is in the top of the door shaft wiring Frame Parts : 1. Frame material: Aluminum alloy in silver or black 2. Frame with electric heater to avoid condensation 3. Four-side flanged frame 4. Strip waterproof LED 5. Door stay open system 6. Electric capacitor on the frame 7. Frame with Temp sensor	One door opening with one unit of shelf 1. Shelving size: 30"(W)X 27"(D) 2. Post height: 2000mm 3. Price tag length: 760mm 4. Material: Low carbon steel 5. Color: White or Black 6. Surface process: Powder coating to White (Wire rack, Post, Bracket and Stabilizer bar) 7. Using expansion screw to fix post on floor 8. Using bracket to connect front post with frame 8. Capacity per shelf: 80KG 9. Five to Seven shelves per door 10. With stabilizer bar between front and rear post
